Career Objective

I am currently pursuing my Bachelor's degree in Information Technology at K.S.R. Institute for Engineering and Technology. My goal is to become a Data Analyst, utilizing my analytical and technical skills to derive meaningful insights from data. I am continuously enhancing my knowledge in database management, web technologies, and data analysis tools to achieve this goal.

Education

- **B.Tech Information Technology, K.S.R. Institute For Engineering And Technology (2022-Present)**
Current CGPA: 7.5%, Tiruchengode
- **12th, New Boys Metric Higher Secondary School** (2021-2022)
Percentage: 64%
- **10th, Achievers Academy Metric Higher Secondary School** (2019-2020)
Percentage: 72%

Experience

- **AI in Cloud Intern, Object Automation System Solution Inc, Chennai** (July 2024)
worked on Microsoft Azure and acquired expertise in cloud computing and artificial intelligence. learnt about machine learning concepts like Azure Machine Learning and Regression. I also improved my understanding of deploying and managing AI applications in a cloud context by working with a team to develop solutions using cloud-based AI services.

Projects

OnlineHotel Booking

Online hostel booking system in java using (OOPS) principles. [GitHub Link](#)

FaceDetection with Gender & Age Prediction

AComputer vision project using open CV and deep learning to detect the face and estimate gendered age group. Built using Python and Pre-trained CNN models [GitHub Link](#)

Core Skills

- **Programming Languages:** Python,Java
- **Database:** SQL, MongoDB
- **Web Technologies:** HTML, CSS
- **Version Control:** Git, GitHub
- **Computer Vision:** Open CV , YOLOv8
- **Learning:** Microsoft Excel, Power BI

Soft Skills

- Problem-solving
- Effective Communication
- Teamwork and Collaboration
- Time Management

Certifications

- Certified Deep Learning in AI - Coursera
- Best First Search in AI -Great Learning

Additional Information

- **Languages:** Tamil,English,Hindi,Telugu
